# SEVANTHI SHEKAR

Bengaluru, India
+91-9964154544 | sevanthishekar2005@gmail.com | LinkedIn | GitHub | Portfolio

## EDUCATION

**B.Tech, Computer Science and Engineering** 2027
M S Ramaiah University of Applied Sciences **CGPA: 9.83**
**Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Principles and Practices of Cryptography

## TECHNICAL SKILLS

**Languages:** Java, Python, JavaScript, C, SQL, C#, PHP, x86 Assembly
**Frontend:** HTML, CSS, React, Bootstrap, Material UI
**Backend:** Node.js, Express.js
**Databases:** MongoDB, MySQL
**ML/Data Science:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
**NLP & Security:** NLP, Machine Learning, Cryptography, AES-GCM, RSA, HKDF
**Tools:** Git, Postman, Figma

## PROFESSIONAL EXPERIENCE

**Prodoc AI — MERN Stack Developer Intern** Jul 2025 – Sep 2025
Bengaluru, KA

- Developed an end-to-end request workflow using React, Node.js, Express.js, and MongoDB, integrating email confirmations and an admin approval system.
- Designed MongoDB schemas to support analytics dashboards and core operational workflows.
- Built analytics dashboards featuring 8+ interactive charts for partner revenue, KPI tracking, and comparisons.
- Automated client reporting by generating formatted Excel reports and delivering them via email.
- Engineered scheduled backend jobs for personalized WhatsApp birthday messages to partner doctors and automated notifications for field agents on missed hospital visits.

**Processware Systems — Web Development Intern** Aug 2024
Bengaluru, KA **GitHub • Live**

- Developed a responsive Aadhaar-based authentication prototype using JavaScript, HTML, and CSS with Aadhaar number and OTP validation logic.

## PROJECTS

**Semantic Sensitivity-Aware Selective Document Encryption — In Progress**
**Tech Stack:** Python, NLP, Scikit-learn, Cryptography, React **GitHub**

- Developing a semantic-aware document encryption framework that identifies privacy-sensitive content using NLP and classifies content into Low, Medium, and High sensitivity levels using machine learning.
- Designing a selective encryption - decryption pipeline that applies sensitivity-based protection to document sections while preserving document structure and formatting.
- Implementing AES-GCM for authenticated symmetric encryption, RSA-OAEP for secure session-key encryption, and HKDF for deriving sensitivity-level encryption keys.

**AI-Driven Inventory Demand Forecasting & Optimization Platform — In Progress**
**Tech Stack:** Python, Pandas, Scikit-learn, Matplotlib, NumPy **GitHub**

- Building an end-to-end inventory optimization platform covering demand forecasting, inventory analysis, stockout risk assessment, and replenishment recommendations.
- Analyzed 4.5M+ daily sales records across 50 stores and 50 products spanning 2019–2023; implemented data preprocessing and exploratory analysis.
- Developed a Linear Regression demand forecasting model, reducing MAE by 46.4% and RMSE by 49.5% versus the Naive Forecast baseline, achieving 13.9% MAPE.
- Currently training and evaluating Random Forest and XGBoost models to compare forecasting performance and identify the best-performing approach.

**Rescue Pals — MERN-Based Pet Adoption Platform**
**Tech Stack:** MERN, JWT, Material UI, Axios, Multer, Zod **Figma • GitHub • Live**

- Developed a full-stack MERN pet adoption platform featuring JWT authentication, RBAC, and protected routes following software development lifecycle (SDLC) best practices.
- Designed RESTful APIs and MongoDB schemas to support user authentication, pet listings, adoption requests, and administrative workflows.
- Built an admin dashboard with CRUD operations, image uploads, and Zod-based request validation.

## ACHIEVEMENTS & CERTIFICATIONS

- Ranked 3rd in a technical competition involving frontend development, DSA, and technical interviews.
- Advanced to Round 2 of 3 in Tech Tonic, a DSA-focused programming contest.
- HackerRank — Java (Silver Badge)
- Meta Front-End Developer — Coursera | **View Certificate**
